BAYSHIRE RANCHO MIRAGE
SENIOR LIVING

DISCOVER A NEW BEGINNING

Located just south of world-famous Palm Springs and across the street from Eisenhower Hospital, Bayshire Rancho Mirage combines exceptional care with luxurious, resort-style living. Our community offers all levels of care on a single, spacious campus, allowing our residents and their loved ones to relax and enjoy the peace of mind that comes with finding a forever home.

We believe seniors deserve to live well, no matter what their care needs might be. Our exceptional caregivers are handpicked from the best in the industry, bringing with them love, compassion, and a genuine kindness for the people they serve. With independent and assisted living, memory care and skilled nursing on one campus, we are proud to meet our residents' needs while empowering them to embark on a new stage of life.

DEFINE YOUR DAYS

From housekeeping and meals to dressing, bathing, medication management and more, we take care of the essential activities of daily living. Our residents are encouraged to do the things they love — and even discover new favorite pastimes as well! Outings, fitness classes, gardens, games, an outdoor swimming pool and putting green, and an on-site library offer endless opportunities for fun and enrichment. For residents who are able to participate, regular excursions to nearby shopping, and dining makes every day an adventure.

A special activity calendar for residents in our skilled nursing ensures that they too are able to enjoy their independence. As well as receiving round-the-clock licensed nursing care and physical, occupational, and speech therapy as needed. Residents in our dedicated memory care community are given daily paths to enrichment, including stimulating activities like gardening, art classes, and fitness programs, all provided with gentle guidance and visual reminders.

FEEL RIGHT AT HOME

More than a community, Bayshire Rancho Mirage truly feels like a neighborhood. With acres of landscaped grounds, complete with serene gardens, as well as an on-site barber shop/beauty salon, library, and private dining room, residents are able make themselves completely at home. Apartments are available in studio, one-bedroom, and two-bedroom floor plans, all with ample natural light, plenty of storage, kitchenettes, and private bathrooms. We'll even help hang pictures... whatever we can do to help make the transition to senior living simple and worry-free.

Basic utilities and maintenance are included in the base service rate, reducing monthly bills. In addition, our customized service plans allow residents to pay only for the services they need.

A CONTINUING CARE RETIREMENT COMMUNITY

We take pride in knowing that our residents can easily transition from one care level to another as their healthcare needs change, providing peace of mind for both residents and their loved ones.

No matter what level of care a resident may need, our caregivers are devoted to finding new ways of showing them that they are truly loved at Bayshire Rancho Mirage.
